Greening the World's Deserts

[StartUpTown](#)

Let's Build Wakanda The Green New Deal needs to include funds to green the world's deserts to reverse climate change. Extreme weather, made worse by climate change, along with the health impacts of burning fossil

A Climate Change Solution No One's Talking About: Better Land Use

 Common Dreams

It was a nightmarish Iowa blizzard in 1998 that made Seth Watkins rethink the way he farmed. Before then, he'd operated his family business—he raises livestock alongside hay and corn crops for feed-pretty

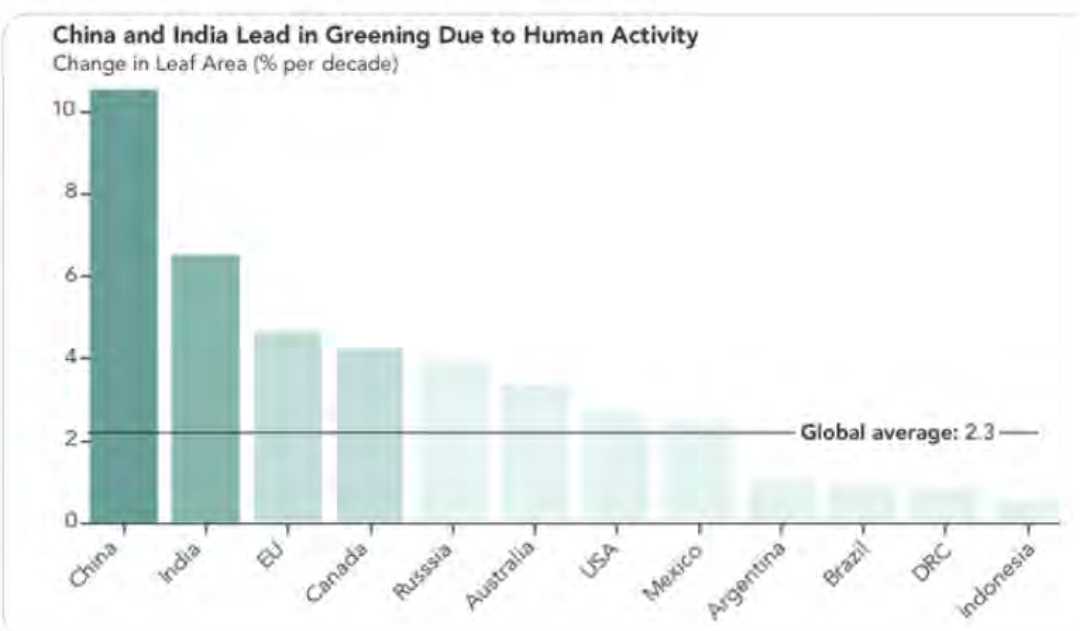

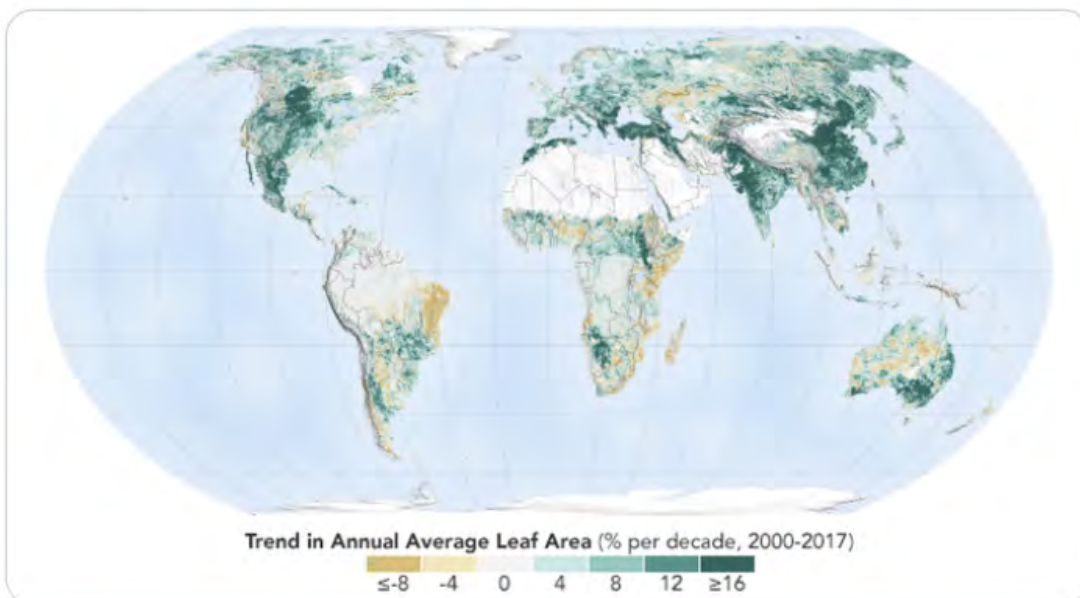

How to fight climate change in agriculture while protecting jobs

 The Conversation

Agriculture has become a carbon-intensive endeavour. Crop, livestock and fossil fuel use in agriculture account for about 25 per cent of global greenhouse gas (GHG) emissions. At the same time, more than 800

Why is Africa building a Great Green Wall? BBC News

 YouTube

Eleven countries are planting a wall of trees from east to west across Africa, just under the southern edge of the Sahara desert. The goal is to fight the effects of climate change by reversing desertification. A film by Amelia Martyn-Hemphill for BBC World Hacks.
